Smooth Skin Bar specializes in advanced custom treatments using only pharmaceutical grade products. Each of the services is specifically designed to fit your needs.

## Facials

### **Full Facial Treatment**

Cleanse, micro-scrub, exfoliation, extraction, personalized treatment, mask and a relaxing massage.

**1 ½ hours 130.**

### **Botinol Facial**

Botinol® is a clinical treatment using the latest technologies and break through in active ingredients to work as a wrinkle corrector able to act against expression lines and much more. It combines strong anti-aging actives (such as Retinol) with 5 peptides (which have a Botox® -like action). Botinol® re-densifies, smoothes and relaxes the skin, visibly reducing the appearance of expression lines and preventing the appearance of new ones.
